

## MULTI-PURPOSE KIOSK

### Functions:

- Account Opening
- Self-service Card Issuance
- Card Replacement
- PIN Change
- Bill Payment
- Statement Printing
- ID card Printing
- GSM Payment (Top-up)
- Customer Service Interaction/Video Call

**DIMENSION:** 600W x 685L x 1382H (mm)  
**NET WEIGHT:** 180 KG

## KEY FEATURES

### HARDWARE

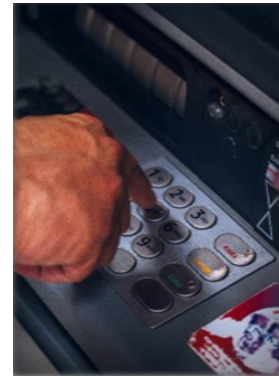

- Secure Keyboard
- Led Lighting
- Remote Admin
- Alert & Notifications
- EMV Transaction Compatibility
- Identity verification via fingerprint and face matching
- Bank Card Issuance

### SOFTWARE

- Customizable Interface
- Inventory Management Module
- Interactive Dashboard
- Maintenance Module
- Reporting Module
- Video Recording Module
- Kiosk Monitoring Modul
- Parameter Download Module
- Software Download Module
- EMV Data Generation Module

### SPECIAL FEATURES HARDWARE

- Edge- to- edge / Double- side card printing
- Indenting / Embossing / Tipping (up to 150 Characters)
- Contact / Contactless / Magnetic stripe encoding
- Instant issuance of new card in 90 seconds
- Automatic track cleaning function

### SPECIAL FEATURES SOFTWARE

| <br><b>Monitoring</b>  | <br><b>Alarm</b> | <br><b>Document Loading/Dispensing</b>   | <br><b>Inventory/Enquiry</b>               |

## SPECIFICATIONS

|                              |   |
|------------------------------|---|
| MAIN CONTROL                 | H81 chip, LGA1150CPU architecture; 2 DDR4 memory slots; I7 4790 CPU frequency 3.6G, DDR3 1600MHz 16G, 2.5inch solid state drive,500G,1 VGA; 1 HDMI,10 USB,10 RS232 interface, two 1000Mb adaptive dual network cards, support TCP/IP protocol, ATX300W power supply; Power-on start, timing switch function |
| CAPACITIVE INTEGRATED SCREEN | 21.5 inch HDMI port, DC12V, resolution 1920*1080, brightness 350, display ratio 16:10, multi-touch support  |
| RECEIPT PRINTER              | DC24V,RS232 interface, thermal printing, paper width 80mm, CAP-347 movement, full cut, round hole power supply interface, with anti-card mouth, paper exhaust, black label detection function   |
| PASSPORT READER              | USB interface, DC12V, support e-passport chip reading, automatic trigger, OCR recognition, image resolution 2048×1536, 2592×1944,ID card scanning   |
| TWO DIMENSION BARCODE        | Rs232 interface, scanning mode: 2D image type (838 x 640 pixels), support commonly used PDF417 2D barcode, Data matrix 2D barcode, QR Code, GM Code, support to read the barcode information on paper, LCD, mobile phone screen and other media;  |
| SURVEILLANCE CAMERA          | 2 X RJ45 connector, pinhole, and 200W with 480P pixels. Support WINDOWS, Android, COMS  |
| FINGERPRINT READER           | USB interface, semiconductor working mode, pixel resolution: 700 (DPI), power supply voltage: 5.0V +/-0.25V, fingerprint:1000mA, image acquisition time 0.01s, fingerprint processing time 0.01s,   |
| SIGNATURE PAD                | USB interface, 5 inch TLT LCD, resolution 800*480, display ratio 16:9, brightness 500:1, with tempered glass, electromagnetic induction, support hardware encryption, WIN7/10 system  |
| A4 SCANNER                   | USB interface, supporting A4 paper, double-sided scanning, color scanning, resolution: 2592X1944 to 640X480, working voltage +12V   |
| HD VIDEO CALLING CAMERA      | USB interface, HD interface, support 1080P and has built in mic.  |
| CARD READER                  | Standard RS232 interface, DC12V, support IC card, RF card read and write, magnetic card read-only, with electric door, support power-down card pop-out function.  |
| CARD ISSUANCE PRINTER        | Standard RS232 interface, DC24V, two-in-one card reader, support IC card, magnetic card read-only, with electric door, magnetic card, double card box, and each card box has a capacity of 100 cards, the standard capacity of the recycling card box is 10 cards.  |
| A4 PRINTER                   | Laser Printer ( black white) /USB or LAN communication interface, AC220V,40 pages/min, carton capacity 250, black and white printing, support automatic double-sided printing   |
| UPS                          | Backup UPS power supply, 500VA/300W, RS232 interface, software monitoring, input and output AC220V/50Hz±1Hz, power-on start, timing switch function, standby time 5-15 minutes, passed CQC certification  |
| CONNECTION                   | 4G AND ETHERNET   |
| PIN PAD/AUTOMATIC READER     | Level 1 and Level 2 Certified Device  |
| VIDEO RECORDING              | Hard disk video recorder (NVR), Four channels monitoring,DC12V, 4 TB HDD  |
| OTHER                        | 2 Speakers, Access control switch(opening the front or rear door of the kiosk to detect the status of door)   |
| OS SUPPORT                   | Windows 10  |
